INDEPENDENT AUDITOR'S REPORT
TO THE SHAREHOLDER OF DAMON (SG) PTE. LTD.
(Incorporated in the Republic of Singapore)

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of Damon (SG) Pte. Ltd. (the Company), which comprise the statement of financial position as at 31 December 2024, and the statement of profit or loss and other comprehensive income, statement of changes in equity and statement of cash flows for the financial year then ended, and notes to the financial statements, including material accounting policy information.

In our opinion, the accompanying financial statements are properly drawn up in accordance with the provisions of the Companies Act 1967 (the Act) and Financial Reporting Standards in Singapore (FRSs) as to give a true and fair view of the financial position of the Company as at 31 December 2024 and of the financial performance, changes in equity and cash flows of the Company for the financial year ended on that date.

Basis for Opinion

We conducted our audit in accordance with Singapore Standards on Auditing (SSAs). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Accounting and Corporate Regulatory Authority (ACRA) Code of Professional Conduct and Ethics for Public Accountants and Accounting Entities (ACRA Code) together with the ethical requirements that are relevant to our audit of the financial statements in Singapore, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ACRA Code. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Other information

Management is responsible for the other information detailed in the Director's Statement.

Our opinion on the financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit, or otherwise appears to be materially misstated. If, based on the work we have performed, we conclude that there is material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

chartered accountant SINGAPORE | accredited training organisation

Responsibilities of Management and Directors for the Financial Statements

Management is responsible for the preparation of financial statements that give a true and fair view in accordance with the provisions of the Act and FRSs, and for devising and maintaining a system of internal accounting controls sufficient to provide a reasonable assurance that assets are safeguarded against loss from unauthorised use or disposition; and transactions are properly authorised and that they are recorded as necessary to permit the preparation of true and fair financial statements and to maintain accountability of assets.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The director's responsibilities include overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not a guarantee that an audit conducted in accordance with SSAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SSAs, we exercise professional judgement and maintain professional scepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Company's internal control.

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.

- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with the directors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

Report on Other Legal and Regulatory Requirements

In our opinion, the accounting and other records required by the Act to be kept by the Company have been properly kept in accordance with the provisions of the Act.

DAMON (SG) PTE. LTD.
(Incorporated in the Republic of Singapore)

NOTES TO THE FINANCIAL STATEMENTS
FOR THE FINANCIAL YEAR ENDED 31 DECEMBER 2024

These notes form an integral part of and should be read in conjunction with the accompanying financial statements.

1. CORPORATE INFORMATION

The Company is incorporated and domiciled in Singapore.

The address of its registered office is 51 Goldhill Plaza #20-07 Singapore 308900.

The principal activities of the Company are to manufacture and repair of lifting and handling equipment and investment holding.

2. MATERIAL ACCOUNTING POLICY INFORMATION

(a) Basis of preparation

The financial statements have been prepared in accordance with Singapore Financial Reporting Standards (FRSs) as required by the Singapore Companies Act 1967.

The financial statements, which are presented in United States Dollar (US$), have been prepared on historical cost basis except as disclosed in the accounting policies below.

The accounting policies have been consistently applied by the Company and are consistent with those use in previous financial period.

The preparation of financial statements in conformity with FRSs requires the use of estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of profit or loss during the financial year. Although these estimates are based on the Company's best knowledge of current events and actions and historical experiences and various other factors that are believed to be reasonable under the circumstances, actual results may ultimately differ from those estimates. The areas involving a higher degree of judgement or complexity, or areas where assumptions and estimates are material to the financial statements are disclosed in the accounting policies below.

In the current financial year, the Company has adopted all the new and revised FRSs and Interpretations of FRSs (INT FRSs) that are relevant to its operations and effective for the current financial year.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

(a) Basis of preparation (cont'd)

The Company has not applied the following new / revised FRSs or interpretations that have been issued as of the reporting date but are not yet effective:

Descriptions	Effective for annual years beginning on or after
Amendments to FRS 21 The Effects of Changes in Foreign Exchange Rates: Lack of Exchangeability	1 January 2025
Amendments to FRS 109 Financial Instruments and FRS 107 Financial Instruments: Disclosures: Amendments to the Classification and Measurement of Financial Instruments	1 January 2026
Annual Improvement to FRSs Volume 11	1 January 2026
FRS 118 Presentation and Disclosure in Financial Statements	1 January 2027
FRS 119 Subsidiaries without Public Accountability: Disclosures	1 January 2027
Amendments to FRS 110 Consolidated Financial Statements and FRS 28 Investments in Associates and Joint Ventures: Sales or Contribution of Assets between an Investor and its Associate or Joint Venture	Date to be determined

The director expects that the adoption of the standards and interpretations above will have no material impact on the financial statements in the period of initial application.

(b) Functional and foreign currencies

(a) Functional currency

Items included in the financial statements are measured using the currency best reflects the economic substance of the underlying events and circumstances relevant to the Company (the functional currency). The financial statements are presented in United States Dollar (US$), which is the functional currency of the Company.

(b) Foreign currency transactions and balances

Transactions in foreign currencies are translated into the functional currency using the exchange rate in effect at the date of the transaction. Monetary assets and liabilities denominated in foreign currencies at the reporting date are translated into the functional currency at the rates ruling at that date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates at the dates of the initial transactions. Non-monetary items measured at fair value in a foreign currency are translated using the exchange rates at the date when the fair value was determined.

All exchange differences are taken to the profit or loss.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

(c) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

(d) Plant and equipment

Plant and equipment are stated at cost less accumulated depreciation and impairment losses.

Cost includes expenditure that is directly attributable to the acquisition of the asset and costs of bringing the asset to working condition for its intended use. Dismantlement, removal or restoration costs are included as part of the cost of asset if the obligation for dismantlement, removal or restoration costs is incurred as a consequence of acquiring or using the asset. Expenditure for additions, improvements and renewals is capitalised and expenditure for maintenance and repairs is charged to the profit or loss. The cost of replacing part of an item of plant and equipment is recognised in the carrying amount of the item if it is probable that the future economic benefits embodied within the part will flow to the Company and its cost can be measured reliably. The costs of the day-to-day servicing of plant and equipment are recognised in the profit or loss as incurred.

An item of plant and equipment is derecognised upon disposal or when no future economic benefits are expected from its use or disposal. Any gain or loss arising on derecognition of the asset is included in the profit or loss in the year the asset is derecognised.

Depreciation of plant and equipment is calculated on the straight-line basis to write off the cost less residual value of the assets over their estimated useful lives as follows:

Computer	1 year

Fully depreciated plant and equipment are retained in the financial statements until it is no longer in use.

Depreciation methods, useful lives and residual values are reviewed, and adjusted prospectively as appropriate, at each financial year end.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

(e) Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at FVPL, transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Subsequent measurement

Investments in debt instruments

Subsequent measurement of debt instruments depends on the Company's business model for managing the asset and the contractual cash flow characteristics of the asset. The three measurement categories for classification of debt instruments are amortised cost, FVOCI and FVPL. The Company only has debt instruments at amortised cost.

Financial assets that are held for the collection of contractual cash flows where those cash flows represent solely payments of principal and interest are measured at amortised cost. Financial assets are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the assets are derecognised or impaired, and through the amortisation process.

Derecognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

(e) Financial instruments (cont'd)

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at FVPL, directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at FVPL are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss.

(f) Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

ECLs are recognised in two stages. For credit exposures for which there has not been a significant increase in credit risk since initial recognition, ECLs are provided for credit losses that result from default events that are possible within the next 12-months (a 12-month ECL). For those credit exposures for which there has been a significant increase in credit risk since initial recognition, a loss allowance is recognised for credit losses expected over the remaining life of the exposure, irrespective of timing of the default (a lifetime ECL).

The Company considers a financial asset in default when contractual payments are 60 days past due. However, in certain cases, the Company may also consider a financial asset to be in default when internal or external information indicates that the Company is unlikely to receive the outstanding contractual amounts in full before taking into account any credit enhancements held by the Company. A financial asset is written off when there is no reasonable expectation of recovering the contractual cash flows.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

(g) Impairment of non-financial assets

The Company assesses at each reporting date whether there is an indication that an asset may be impaired. If any indication exists, (or, where applicable, when an annual impairment testing for an asset is required), the Company makes an estimate of the asset's recoverable amount.

An asset's recoverable amount is the higher of an asset's or cash-generating unit's fair value less costs of disposal and its value in use and is determined for an individual asset, unless the asset does not generate cash inflows that are largely independent of those from other assets or group of assets. Where the carrying amount of an asset or cash-generating unit exceeds its recoverable amount, the asset is considered impaired and is written down to its recoverable amount. Impairment losses are recognised in profit or loss.

A previously recognised impairment loss is reversed only if there has been a change in the estimates used to determine the asset's recoverable amount since the last impairment loss was recognised. If that is the case, the carrying amount of the asset is increased to its recoverable amount. That increase cannot exceed the carrying amount that would have been determined, net of depreciation, had no impairment loss been recognised previously. Such reversal is recognised in profit or loss.

(h) Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents include cash at bank, which are subject to an insignificant risk of change in value.

(i) Related parties

A related party is defined as follows:

(a) A person or a close member of that person's family is related to the Company if that person:

  (i) has control or joint control over the Company;
  (ii) has significant influence over the Company; or
  (iii) is a member of the key management personnel of the Company or of a parent of the Company.

2. MATERIAL ACCOUNTING POLICY INFORMATION (CONT'D)

(i) Related parties (cont'd)

(b) An entity is related to the Company if any of the following conditions applies:

(i) the entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others);
(ii) one entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member);
(iii) both entities are joint venture of the same third party;
(iv) one entity is a joint venture of a third entity and the other entity is an associate of the third entity;
(v) the entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company;
(vi) the entity is controlled or jointly controlled by a person identified in (a);
(vii) a person identified in (a) (i) has significant influence over the entity or is a member of the key management personnel of the entity (or of a parent of the entity); or
(viii) the entity, or any member of a group of which it is a part, provides key management personnel services to the reporting entity or to the parent of the reporting entity.

(j) Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive), as a result of a past event, and it is probable that an outflow of resources embodying economic benefits will be required to settle the obligation and a reliable estimate can be established on the amount of the obligation. Provisions are reviewed at each reporting date and adjusted to reflect the current best estimate. Where the effect of time value of money is material, the amount of the provision is the present value of the expenditure expected to be required to settle the obligation.

3. REVENUE

The Company did not generate any revenue during the financial year under review.

4. OTHER INCOME

	1/1/2024 to 31/12/2024 US$	22/9/2022 to 31/12/2023 US$
Interest income	19,941	-
Foreign exchange gain	14	-
	19,955	-

5. LOSS BEFORE INCOME TAX

Expenses recognised in the profit or loss included the following:

	1/1/2024 to 31/12/2024 US$	22/9/2022 to 31/12/2023 US$
Employee compensation		
- CPF	1,164	-
- Salaries	11,584	-
Professional fee	8,632	
Recruitment fee	32,284	-

6. INCOME TAX

The income tax on loss differs from the amount that would arise using the Singapore standard rate of income tax as follows:

	1/1/2024 to 31/12/2024 US$	22/9/2022 to 31/12/2023 US$
Loss before income tax	(34,704)	-
		-
Tax calculated at a tax rate of 17% (2023: 17%)	(5,900)	
Effects of:		
- Income not subject to tax	(2)	
- Deferred tax benefits not recognised	5,902	-
	-	-

The Company has unutilised losses of US$34,718 (2023: Nil) available for offsetting against future taxable profits. The deferred tax benefit arising from the above is US$5,902 (2023: Nil). The realisation of the deferred tax benefit is available for unlimited period subjected to there being no substantial change in shareholders as required by the provision of the Singapore Income Tax Act. Deferred tax assets are not recognised in the profit or loss because of the uncertainty in the Company to generate adequate profits in the foreseeable future.

7. ISSUED CAPITAL

	2024 US$	2023 US$
Issued ordinary shares		
10,000,000 ordinary shares	10,000,000	10,000,000
Uncalled balances at 31 December 2024	(3,460,020)	(9,999,999)
	6,539,980	1

The share capital payment is schedule at the following call dates:

	2024 US$
At the date of incorporation	1
By 31 July 2024	39,989
By 30 September 2024	6,499,990
By 31 October 2025	9,990
By 31 December 2026	3,450,030
	10,000,000

There are no other conditions with the respect to the payments of the above share allocation.

The holder of ordinary shares is entitled to receive dividends as and when declared by the Company. All ordinary shares carry one vote per share without restrictions. The ordinary shares have no par value.

8. PLANT AND EQUIPMENT

	Computer US$
Cost	
Balance at 1 January 2024	-
Additions	1,372
Balance at 31 December 2024	1,372

	50,956	-

15. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include market risk (including currency risk, interest rate risk and price risk), credit risk and liquidity risk. The board of directors carried out their financial risks management in accordance with established policies and procedures.

The following sections provide the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

(a) **Market risk**

(a) Currency risk

The Company has transactional currency exposures arising from transactions that are denominated in currencies other than the functional currency, in particular the Singapore Dollar (SGD). The Company's currency exposure to SGD is disclosed in Notes 10, 11 and 12.

(a) Market risk (Cont'd)

(a) Currency risk (Cont'd)

Sensitivity analysis for foreign currency risk

The following table demonstrates the sensitivity of the Company's loss net of tax to a possible change to the SGD exchange rate against the functional currency, with all other variables held constant.

	2024 Loss net of tax S$	2023 Loss net of tax S$
SGD/USD		
Strengthen by 3% (2023: 3%)	+ 850	-
Weaken by 3% (2023: 3%)	- 850	-

(b) Interest rate risk

The Company is not exposed to interest rate risk as it does not have any interest-bearing assets or liabilities except for interest earned from cash at bank.

(c) Price risk

The Company is not exposed to price risk as it does not hold any listed securities.

(b) Credit risk

The table below details the credit quality of the Company's financial assets, as well as maximum exposure to credit risk by credit risk rating categories:

	Note	12-month or lifetime ECL	Gross carrying amount US$	Loss allowance US$	Net carrying amount US$
31 December 2024					
Other receivable	(9)	12-month ECL	381	-	381
31 December 2023					
Amount due from Immediate holding company	(10)	12-month ECL	1	-	1

15. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(b) Credit risk (cont'd)

Exposure to credit risk

The Company has no significant concentration of credit risk. The Company has credit policies and procedures in place to minimise and mitigate its credit risk exposure.

Other receivable and amount due from immediate holding company

The Company assessed the latest performance and financial position of the counterparties, adjusted for the future outlook of the industry in which the counterparties operate in, and concluded that there has been no material increase in the credit risk since the initial recognition of the financial assets. Accordingly, the Company measured the impairment loss allowance using 12-month ECL and determined that the ECL is immaterial.

Cash and cash equivalents

Cash at bank are places with reputable financial institutions with high credit ratings and no history of default. The cash at bank is measured on 12-month expected credit losses and subject to immaterial credit loss.

(c) Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting financial obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of collections and payments timing. The Company's objective is to maintain a balance between funding through business and flexibility through the use of funding from the immediate holding company.

The Company's liquidity risk management policy is to maintain sufficient liquid financial assets and flexibility through funding from the immediate holding company to pay for liabilities that are due in the next six months.

15. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(c) Liquidity risk (Cont'd)

Analysis of financial instruments by remaining contractual maturities

The table below summarises the maturity profile of the Company's financial assets and liabilities at the reporting date based on contractual undiscounted repayment obligations:

	2024		
	Carrying amount US$	Contractual cash flows US$	One year or less US$
Financial assets			
Other receivable	381	381	381
Cash and cash equivalents	6,554,479	6,554,479	6,554,479
Total undiscounted financial assets	6,554,860	6,554,860	6,554,860
Financial liabilities			
Other payables	35,592	35,592	35,592
Amount due to immediate holding company	15,364	15,364	15,364
Total undiscounted financial liabilities	50,956	50,956	50,956
Total net undiscounted financial assets	6,503,904	6,503,904	6,503,904

	2023		
	Carrying amount US$	Contractual cash flows US$	One year or less US$
Financial asset			
Amount due from immediate holding company	1	1	1
Total undiscounted financial asset	1	1	1
Financial liability	-	-	-
Total net undiscounted financial asset	1	1	1

15. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (CONT'D)

(d) Capital management

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and net current asset position in order to support its business and maximise shareholder's value. The capital structures of the Company comprise of issued share capital.

The Company manages its capital structures and makes adjustments to them, in the light of changes in economic conditions. To maintain or adjust capital structure, the Company may adjust dividend payments, return of capital or issue new shares. The Company is not exposed to any externally imposed capital requirements. No changes were made to the objectives, policies or process during the financial year.

(e) Fair values

The fair value of a financial instrument is the amount at which the instrument could be exchanged or settled between knowledgeable and willing parties in an arm's length transaction, other than in a forced or liquidation sale.

The financial instruments that are not carried at fair value and whose carrying amounts are in reasonable approximation of its fair value are as follows:

Cash and cash equivalents, other receivable, amounts due from / to immediate holding company and other payables

The carrying amounts of these balances approximate their fair values due to the short-term nature of these balances.

16. AUTHORISATION OF FINANCIAL STATEMETS
