H&L WELLNESS PTE. LTD.

(Company Registration No.: 202225572W)

UNAUDITED FINANCIAL STATEMENTS

FOR THE YEAR ENDED 30 JUNE 2024

H&L WELLNESS PTE. LTD.

(Incorporated in the Republic of Singapore)

CONTENTS **PAGES**

DIRECTORS' STATEMENT	1–2
STATEMENT OF FINANCIAL POSITION	3
STATEMENT OF COMPREHENSIVE INCOME	4
STATEMENT OF CHANGES IN EQUITY	5
STATEMENT OF CASH FLOWS	6
NOTES TO THE ACCOUNTS	7-14

The directors present this report to the members together with the unaudited financial statements of the company for the financial year ended 30 June 2024.

1. OPINIONS OF THE DIRECTORS

In the opinion of the directors,

(a) the financial statements of the Company are drawn up so as to give a true and fair view of the financial position of the Company as at 30 June 2024 and the financial performance, changes in equity and cash flows of the company for the financial year ended 30 June 2024; and

(b) at the date of this statement, there are reasonable grounds to believe that the Company will be able to pay its debts as and when they fall due.

The Board of Directors approved and authorized these financial statements for issue.

2. DIRECTORS

The directors in office at the date of this report is: -

Liao Chunling
Chen Yinjia

3. ARRANGEMENTS TO ENABLE DIRECTORS TO ACQUIRE SHARES AND DEBENTURES

Neither at the end of nor at any time during the financial year was the Company a party to any arrangement whose objects are, or one of whose objects is, to enable the director of the Company to acquire benefits by means of the acquisition of shares in, or debentures of, the Company or any other body corporate.

4. DIRECTORS' INTERESTS IN SHARES AND DEBENTURES

According to the register of director's shareholdings kept under Section 164 of the Companies Act 1967 (the Act), the directors of the Company who held office at the end of the financial year had no interests in the shares or debentures of the Company and its related corporations except as stated below: -

	No. of ordinary shares	
Name of Director	At 01/07/2023	At 30/06/2024
Liao Chunling	999,000	999,000

5. SHARE OPTIONS

There were no share options granted during the financial year to subscribe for unissued shares of the Company.

There were no shares issued during the financial year by virtue of the exercise of options to take up unissued shares of the Company.

There were no unissued shares of the Company under option at the end of the financial year.

6. AUDIT EXEMPTION

The financial statements for the financial year ended 30 June 2024 were not audited as the Company meets the audit exemption requirement under the Singapore Companies Act, Cap. 50.

The Company is a small Company exempt from audit for its financial year ended 30 June 2024 since it meets the requirements of not exceeding revenue/assets of $10 million and/or 50 employees for the period and in the manner stated in section 205C of the Companies Act;

No notice has been received from any member under Section 205B(6) or Section 205C(2) of the Act requiring the Company to obtain an audit of its financial statements in relation to the financial period.

The accounting and other records required to be kept by the Company in accordance with Section 199 of the Act have been so kept.

The Board of Directors

1. CORPORATE INFORMATION

H&L WELLNESS PTE. LTD. is domiciled and incorporated in the Republic of Singapore on with a registered office at 51 Goldhill Plaza, #02-07, Singapore 308900.

The principal activities of the Company are those of wholesale of health supplements and online marketplaces for goods (including food). There have been no significant changes in the nature of these activities during the financial year.

The immediate and ultimate holding company is Weatherly Ventures Pte. Ltd. which is incorporated in Singapore.

2. MATERIAL ACCOUNTING POLICY INFORMATION

2.1 Basis of Preparation

The financial statements of the Company have been drawn up in accordance with Financial Reporting Standards in Singapore (FRSs). The financial statements have been prepared on the historical cost basis except as disclosed in the accounting policies below.

The financial statements are presented in US Dollars (US$), which is the Company's functional currency.

The Company total liabilities exceeded its total assets by US$67,574 as at 30 June 2024 (30 June 2023: US$98,979). These factors indicate the existence of a material uncertainty which may cast significant doubt over the Company's ability to continue as a going concern.

The financial statements of the Company have been prepared on the basis that it will continue to operate as a going concern. The shareholder has given an undertaking to provide financial support to the Company when the need arises.

2.2. Adoption of new and amended standards and interpretation

The Company has adopted all the new and amended standards which are relevant to the Company and are effective for the annual financial year beginning on 1 January 2024. The adoption of these standards did not have any material effect on the financial statements of the Company.

2.3 Standards issued but not yet effective

The Company have not adopted the standards applicable to the Company that have been issued but are not yet effective. The director expects that the adoption of the standards above will have no material impact on the financial statements in the year of initial application.

2. MATERIAL ACCOUNTING POLICY INFORMATION

2.4. Foreign currency transactions and balances

Transactions in foreign currencies are measured in the functional currency of the Company and are recorded on initial recognition in the functional currency at exchange rates approximating those ruling at the transaction dates. Monetary assets and liabilities denominated in foreign currencies are translated at the rate of exchange ruling at the reporting date. Non-monetary items that are measured in terms of historical cost in a foreign currency are translated using the exchange rates as at the dates of the initial transactions.

Exchange differences arising on the settlement of monetary items or on translating monetary items at the end of the reporting period are recognised in profit or loss.

2.5 Financial instruments

(a) Financial assets

Initial recognition and measurement

Financial assets are recognised when, and only when the entity becomes party to the contractual provisions of the instruments.

At initial recognition, the Company measures a financial asset at its fair value plus, in the case of a financial asset not at fair value through profit or loss (FVPL), transaction costs that are directly attributable to the acquisition of the financial asset. Transaction costs of financial assets carried at FVPL are expensed in profit or loss.

Trade receivables are measured at the amount of consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third party, if the trade receivables do not contain a significant financing component at initial recognition.

Subsequent measurement

Equity instruments

On initial recognition of an investment in equity instrument that is not held for trading, the Company may irrevocably elect to present subsequent changes in fair value in other comprehensive income which will not be reclassified subsequently to profit or loss. Dividends from such investments are to be recognised in profit or loss when the Company's right to receive payments is established, except when the Company benefits from such proceeds as a recovery of part of the cost of the financial asset, in which case, such gains are recorded in other comprehensive income.

For investments in equity instruments which the Company has not elected to present subsequent changes in fair value in other comprehensive income, changes in fair value are recognised in profit or loss.

2. MATERIAL ACCOUNTING POLICY INFORMATION

2.5 Financial instruments (cont'd)

(a) Financial assets

Loans and receivables

Non-derivative financial assets with fixed or determinable payments that are not quoted in an active market are classified as loans and receivables. Subsequent to initial recognition, loans and receivables are measured at amortised cost using the effective interest method, less impairment. Gains and losses are recognised in profit or loss when the loans and receivables are derecognised or impaired, and through the amortisation process.

Derecognition

A financial asset is derecognised where the contractual right to receive cash flows from the asset has expired. On derecognition of a financial asset in its entirety, the difference between the carrying amount and the sum of the consideration received and any cumulative gain or loss that had been recognised in other comprehensive income for debt instruments is recognised in profit or loss.

(b) Financial liabilities

Initial recognition and measurement

Financial liabilities are recognised when, and only when, the Company becomes a party to the contractual provisions of the financial instrument. The Company determines the classification of its financial liabilities at initial recognition.

All financial liabilities are recognised initially at fair value plus in the case of financial liabilities not at FVPL, net of directly attributable transaction costs.

Subsequent measurement

After initial recognition, financial liabilities that are not carried at FVPL are subsequently measured at amortised cost using the effective interest method. Gains and losses are recognised in profit or loss when the liabilities are derecognised, and through the amortisation process.

Derecognition

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires. On derecognition, the difference between the carrying amounts and the consideration paid is recognised in profit or loss

2. MATERIAL ACCOUNTING POLICY INFORMATION (cont'd)

2.6 Impairment of financial assets

The Company recognises an allowance for expected credit losses (ECLs) for all debt instruments not held at FVPL. ECLs are based on the difference between the contractual cash flows due in accordance with the contract and all the cash flows that the Company expects to receive, discounted at an approximation of the original effective interest rate. The expected cash flows will include cash flows from the sale of collateral held or other credit enhancements that are integral to the contractual terms.

2.7 Provisions

Provisions are recognised when the Company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic resources will be required to settle the obligation and the amount of the obligation can be estimated reliably.

Provisions are reviewed at the end of each reporting period and adjusted to reflect the current best estimate. If it is no longer probable that an outflow of economic resources will be required to settle the obligation, the provision is reversed. If the effect of the time value of money is material, provisions are discounted using a current pre-tax rate that reflects, where appropriate, the risks specific to the liability. When discounting is used, the increase in the provision due to the passage of time is recognised as a finance cost.

(b).8 Cash and cash equivalents

Cash and cash equivalents comprise cash at banks which are subject to an insignificant risk of changes in value.

(b).9 Taxes

(a) Current income tax

Current income tax assets and liabilities for the current and prior periods are measured at the amount expected to be recovered from or paid to the taxation authority. The tax rates and tax laws used to compute the amount are those that are enacted or substantively enacted at the reporting date.

Current income taxes are recognised in profit or loss except to the extent that the tax relates to items recognised outside profit or loss, either in other comprehensive income or directly in equity. Management periodically evaluates positions taken in the tax returns with respect to situations in which applicable tax regulations are subject to interpretation and establishes provisions where appropriate.

2. MATERIAL ACCOUNTING POLICY INFORMATION (cont'd)

(a).10. Share capital

Proceeds from the issuance of ordinary shares are recognised as share capital in equity. Incremental costs directly attributable to the issuance of ordinary shares are deducted against share capital.

(a).11. Revenue

Revenue is measured based on the consideration to which the Company expects to be entitled in exchange for transferring promised goods or services to a customer, excluding amounts collected on behalf of third parties.

Revenue is recognised when the Company satisfies a performance obligation by transferring a promised good or service to the customer, which is when the customer obtains control of the good or service. A performance obligation may be satisfied at a point in time or over time. The amount of revenue recognised is the amount allocated to the satisfied performance obligation

Rendering of services

Revenue from rendering of services is recognised when the service is rendered to and accepted by customers

(a).12 Related parties

A related party is defined as follows:

(a) A person or a close member of that person's family is related to the Company if that person:

(i) Has control or joint control over the Company;

(ii) Has significant influence over the Company; or

(iii) Is a member of the key management personnel of the Company or of a parent of the Company.

(b) An entity is related to the Company if any of the following conditions applies:

(i) The entity and the Company are members of the same group (which means that each parent, subsidiary and fellow subsidiary is related to the others).

(ii) One entity is an associate or joint venture of the other entity (or an associate or joint venture of a member of a group of which the other entity is a member).

2. MATERIAL ACCOUNTING POLICY INFORMATION (cont'd)

(ii).13 Related parties (cont'd)

(iii) Both entities are joint ventures of the same third party.

(iv) One entity is a joint venture of a third entity and the other entity is an associate of the third entity.

(v) The entity is a post-employment benefit plan for the benefit of employees of either the Company or an entity related to the Company. If the Company is itself such a plan, the sponsoring employers are also related to the Company;

(vi) The entity is controlled or jointly controlled by a person identified in (a);

3. SIGNIFICANT ACCOUNTING JUDGEMENTS AND ESTIMATES

The preparation of the Company's financial statements requires management to make judgements, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities, and the disclosure of contingent liabilities at the end of each reporting period. Uncertainty about these assumptions and estimates could result in outcomes that require a material adjustment to the carrying amount of the asset or liability affected in the future periods.

3.1 Judgements made in applying accounting policies

(a) Determination of functional currency

In determining the functional currency of the Company, judgement is used by the Company to determine the currency of the primary economic environment in which the Company operates. Consideration factors include the currency that mainly influences sales prices of goods and services and the currency of the country whose competitive forces and regulations mainly determine the sales prices of its goods and services.

3. TRADE AND OTHER RECEIVABLES

	2024 US$	2023 US$
	(37,012)	72,938

Income not subject to tax	(4,230)	-
Deferred tax on tax losses recognized	1,145	-
Deferred tax on tax losses not recognized	-	16,251
	-	-

9. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES

The Company is exposed to financial risks arising from its operations and the use of financial instruments. The key financial risks include credit risk, liquidity risk, foreign currency risk and interest rate risk. The Company's overall risk management programme focuses on the unpredictability of financial markets and seeks to minimize potential adverse effects on the financial performance of the Group. The Group does not use derivative financial instruments.

The following sections provide details regarding the Company's exposure to the above-mentioned financial risks and the objectives, policies and processes for the management of these risks.

9. FINANCIAL RISK MANAGEMENT OBJECTIVES AND POLICIES (cont'd)

(a) Credit risk

Credit risk is the risk of loss that may arise on outstanding financial instruments should a counterparty default on its obligations. The Company's exposure to credit risk arises primarily from other receivables. For cash and cash equivalents, the Company minimise credit risk by dealing exclusively with high credit rating counterparties. In addition, receivable balances are monitored on an ongoing basis and as such, the impact of any expected credit loss allowance is insignificant.

The Company has determined the default event on a financial asset to be when the counterparty fails to make contractual payments, which are derived based on contractual terms.

(b) Liquidity risk

Liquidity risk refers to the risk that the Company will encounter difficulties in meeting its short-term obligations due to shortage of funds. The Company's exposure to liquidity risk arises primarily from mismatches of the maturities of financial assets and liabilities. It is managed by matching the payment and receipt cycles. The Company's objective is to maintain a balance between continuity of funding and flexibility through the use of stand-by credit facilities. The Company finances its working capital requirements through a combination of funds generated from operations or internal funding through shareholders. The directors are satisfied that funds are available to finance the operations of the Company.

(c) Foreign currency risk

The Company has transactional currency exposures arising from income that are denominated in a currency other than the functional currency of the Company, primarily USD. The Company ensures that the net exposure is kept to an acceptable level by buying or selling foreign currencies at spot rates where necessary, to address short-term balances.

(d) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of the Company's financial instruments will fluctuate because of changes in market interest rates. The Company's exposure to interest rate risk arises primarily from the cash and cash equivalents.

The Company does not expect any significant effect on the Company's profit or loss arising from the effects of reasonably possible changes to interest rates on interest bearing financial instruments at the end of the financial year.

10. CAPITAL MANAGEMENT

The primary objective of the Company's capital management is to ensure that it maintains a strong credit rating and net current asset position to support its business and maximize shareholder value. The capital structure of the Company comprises issued share capital and retained earnings.

In this regard, the director regularly reviews the Company's capital structure with a view for the Company to pay its debts as and when they fall due.

The Company is not subject to any externally imposed capital requirements. There were no changes in the Group's approach to capital management during the financial year.

11. AUTHORISATION OF FINANCIAL STATEMENTS

The financial statements for the financial year ended 30 June 2024 were authorized for issue in accordance with a resolution of the Board of Directors of the Company on the date of the directors' statement.
